

Introducing the

Quiet Performance Series

by *Bel Aire*
COMPRESSORS

2 Stage Electric Air Compressors
5 to 7.5 HP

Make Air - Not Noise

THE QUIET COMPRESSED AIR SYSTEM

Ideal for work environments where space is at a premium. The BelAire QP compressors are built to provide the performance you have come to trust in a new extremely quiet package that can be installed in the work area. A piston air compressor with the noise level of a rotary screw provides exceptional value.

-  Less than half the Noise of a Standard Piston Compressor
-  As Low as 66 dbA - For a Greener Workplace
-  The Value of a Piston Compressor with the Noise Level of a Rotary Screw
-  Magnetic Starter & Auto Tank Drain
-  80 Gallon Vertical Tank

High flow fan provides superior cooling

High strength ABS enclosure and heat resistant foam offer superior sound reduction

5 - 7.5 HP
Single and
Three Phase

Low oil level protection

BelAire QP – Quiet Performance 5 and 7.5 HP

The BelAire QP is a fully featured piston air compressor that includes a high strength sound dampening enclosure. Standard features include a magnetic starter, low oil level switch, triple-pass pump mounted aftercooler, automatic tank drain, and vibration isolator pads. A high flow fan ensures superior cooling. The low oil level switch, automatic tank drain, and high temperature safety switch allow for carefree operation. As with all BelAire air compressors, the QP is 100% factory tested at full pressure and is backed by the best warranty in the business.

FEATURES

- Low Sound Enclosure
- Low Oil Level Protection
- Automatic Tank Drain
- Magnetic Starter
- Cast Iron Cylinder
- 80 Gallon Vertical ASME/CRN Tank
- 100% Factory Tested at Full Pressure
- High Temperature Shut Down
